

Lease Finance Program

Leasing Has Many Benefits...

■ Conserve Cash

Leasing allows you to take delivery of new equipment with minimal initial cash outlay, making working capital available for more profitable opportunities such as increasing marketing or taking advantage of quantity discounts. Just as you would never pay an employee's full annual salary in advance, leasing allows you to "pay-as-you-earn".

■ Flexibility

We can structure a lease to meet the cash flow needs of your business. Lease payments can vary throughout the year and can be structured to maximize the cash impact of your new equipment.

■ Tax Advantages

With certain lease structures, you can write off 100% of your monthly payment for tax purposes. In effect, Uncle Sam can pay up to 40% of the equipment acquisition cost.

■ One Easy Payment

This program allows you to incorporate additional equipment, delivery and installation costs on the same lease, providing one low monthly payment.
